Boucher Hill Loop:

Discover this 1.95 mile loop trail in Palomar Mountain State Park. Generally considered a moderate route, it takes an average of 53 min to complete. This trail is always excellent with beautiful forest of pines, cedars, oaks, and nice meadows. [Click All Trails website link here.](#)

We recommend everyone have walking shoes, sunscreen and hat, a snack and water bottle. If you enjoy bird watching, consider bringing your binoculars. We can take a break at the Fire Tower lookout with our snacks and a rest.
